# Communication & Conflict

Everyone Communicates, Few Connect

Description

Do people listen when you speak?

What secrets do some people know that make them really compelling in meetings, in person, or in speeches?

This program covers **5 core communication *principles*,** and **5 core communication *practices*** that make your message more compelling.

Highlights
- Why connecting increases your influence - everywhere
- Connection is more skill than natural talent
- Connectors keep it simple
- Connectors inspire others with their message

"After the program, I constantly see how the content delivered is applicable in my everyday life.

The program provided dense coursework and was surprisingly inspirational. I came away feeling a sense of accomplishment with a craving for more information about how to better myself both personally and professionally.

Tom's programs take you on a journey beginning with self discovery and down the road toward personal excellence."
